All-in-One PC redefined  
unlimited possibilities at the tip of your finger

## What if PC is no longer a PC?

Office-Home PC

Cashier Terminal/Price Checker: Retail shop-Restaurant  
Customer Self Ordering Station: Restaurant-Photo Kiosk

Kids are hungry, what can you do as a busy housewife like you?  
Browse online for recipe. Follow the cooking steps.

CCTV Surveillance Display Terminal/Command Station  
Home Automation-Control Device

- Inquirer system in library or museum  
- Platform to your VIP in saloon, airport, bank etc

Digital Display: Advertising-Information Center

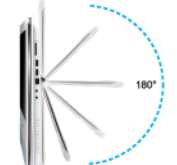

**All-in-One (AIO) Design**  
Packed everything you need into one sleek, smooth & clean-lined design.  
AIO design fits everything into a space-saving design that takes little desk space.  
15.6" intuitive touch interface offers easy & responsive operations using finger & stylus pen.

**Eco Friendly/Extremely Quiet**  
All components and manufacturing meet the rigorous internationally recognized environmental & safety standards notably: RoHS, FCC, CB.  
Fanless design making the machine extremely reliable and quiet at an astonishing low noise level, less than 20dB.

**Made For Your Finger Tip**  
Scroll-Zoom-Rotate-Flip.  
A better touch technology - a more natural way to work & play. Scroll through documents or manage your photos and video with simple finger taps & hand gestures.

**Convertible Stand/Wall Mountable**  
Unique stand design with 4 set-up options :  
• desktop stand - 0° to 180° inclination angle  
• carrying handle - flip handle upward  
• wall mount - carrying handle is removable  
• VESA compliant bracket  
The convertible stand is removable to fit VESA mounting screw holes - ready to mount with standard mounting bracket.
